Allow One Protest of Three

A meeting of the executive of the South-Western Football League was held at Staveland on Monday, June 15th, at which were present J. E. Rogers, the donor of the cup, Macleod, J. Brown and R. S. Jackson, Nanton; W. Douglas, Cayley; J. Collier, R. A. Hopkins, Rev. W. Kennedy and Wm. Huston, Staveland; Corp. W. J. Moorhead, Claresholm. Upon motion of Moorhead-Brown, J. E. Rogers was appointed chairman. The adoption of the English rules was decided upon; motion by Douglas-Moorhead. The matter of affiliation with the Northern Alberta Association was decided upon; motion by Douglas-Moorhead. The Claresholm club was requested to pay its entrance fee. In the event of a tie, the selection of the grounds for the match is to be left to the donor of the cup, motion by Moorhead-Brown. The same is to be applied to the decision of the grounds upon which a shield-tie match shall be played should such result, motion by Brown-Douglas.

The committee on protests met the same afternoon. Mr. Rogers was the chair. The settlement of the Staveland-Staveland game was left to a committee consisting of J. E. Rogers, W. Douglas and Corp. Moorhead. The evidence was thoroughly gone into and the committee found as follows:

"The committee decides that upon the evidence submitted the charge is not sustained, this protest being based upon the alleged inefficiency of the referee and there is no proof to substantiate charge, the referee having performed his duties to the best of his ability. The protest is disallowed and the re-playing of the game will not be ordered."

This finding was signed by W. J. Moorhead and J. E. Rogers, a majority report. W. Douglas dissenting from the finding claiming that he considered the winning goal was scored after a foul had been committed which was not seen by the referee. The majority report was signed by W. Douglas. The majority report was accepted by vote.

The Cayley-High River protest was considered by the whole executive as neither C. W. James nor J. T. Cooper were present. The decision was that the protest should be allowed and the game replayed on a date to be decided upon by the secretary. This was passed upon motion of Kennedy-Jackson. Evidence was heard in the matter from Corp. Moorhead and Wm. Douglas.

First Egg Circle Shipment

The directors of the Claresholm Egg and Poultry Marketing Circle met at the School of Agriculture on Saturday afternoon last and decided to make the initial shipment of 100 dozen eggs on Monday, June 15th. Farmers are asked to have their eggs at the school every Monday before 4 p.m. It is the desire of the Circle and also the expectation to increase these shipments to 1000 dozen.

Vancouver has gotten into the cent-bait, owing to the successful efforts of the Local Council of Women in including the government to introduce the copper coinage.

Entered Into Her Eternal Reward

It came as a shock to the many friends of the family, the news of the death of Mrs. E. W. Pine at Claresholm on Monday morning. Her friends had been reassured by news of her having passed through a critical operation at the hospital with apparent success. For many years the disease had been sapping the strength of the victim. With Christian fortitude, she had borne up bravely. But her enfeebled body could not rally from the effects of the ordeal through which she had come and death came as a release. The body was brought home on Tuesday morning and the funeral took place in the afternoon. A service was held at the Methodist Church, Rev. Harrison addressing the large number of friends and acquaintances who attended and he also conducted the services at the interment in the Claresholm cemetery. Neighbors and friends followed with the immediate relatives of the deceased to the cemetery and many words of condolence were spoken.

Eva Wealthy Pine was the daughter of Lewis and Malvina Delamater, and was born in Walton, N.Y. in 1857. Her death occurred but a few days after the 57th anniversary of her birth. In 1875, she was married to Peter A. Pine, of the same place and in the town where she had spent her girlhood years, and he and she set up their home. In 1891 the family removed to Knox, N.D., a few years later removing to Santa Rosa, Cal. In 1909 they came to Claresholm, locating on a farm southeast of the town. Mrs. Pine had been suffering more or less for many years from the disease of which she later succumbed but during the last three weeks the suffering had been more acute and as a last resort she was taken to Calgary to undergo an operation for gall stones. Her sons and husband took turns in attendance upon her at Calgary and were congratulating themselves upon the prospects of final recovery when the weakened frame gave up the struggle.

Three sons and two daughters together with her husband survive her: Philip, Harry and Frank, Ida and Ruth and the latter Mrs. T. I. Stanley, of Garrison, N.D., who was with her mother during her last illness. One sister, Mrs. J. M. Reynolds, of Apex, N. Y., remains of her own family. The late Mrs. Pine in her earlier days was connected with the Baptist Church but when her own church connections could not be enjoyed she took up the Christian work with the Presbyterians in Dakota and with the Methodists at her home in Alberta. Her life was a triumph for the faith she clung to and her Christian nature in suffering and her bright and clear testimony to the reality of redeeming grace had its influence upon all with whom she was associated. Much of sympathy is manifested by neighbors and friends and the bereaved one the shadows were lighted by the manifestation of the general esteem in which wife and mother was held in the community.

Crude Oil in Monarch Well

Late report to The Advertiser tells of the strike of crude oil in the Monarch well at a depth of 808 feet. Alberta is on a fair way to prove the largest oil field of the world.

SCHOOLS OF AGRICULTURE STAND TEST

Prospects for Next Term Excellent.

Influence of Education Seen in Farms of Pupils.

A meeting of the Board of Agricultural Education was held at the Parliament Building, Edmonton, on May 12th, 1914. Dr. T. G. Rutherford, Calgary, was in the chair, and other members of the Board present were E. L. Richardson, Calgary; James Murray, B.S.A. Sault; J. C. Drury, Cowley; J. McArthur, Milverton; Dr. J. G. Rutherford, Calgary; D. W. Warner, Clover Bar; Frederick West, Vermilion; together with the principals of the three schools, W. J. Elliott, B.S.A., Olds; A. E. Humes, B.S.A., Vermilion and W. J. Stephen, B.S.A., of Claresholm.

HON. DUNCAN MARSHALL

Dr. T. G. Rutherford, referring to the science equipment in the Schools of Agriculture, stated that it was equal to anything that he saw on his recent trip to Europe, visiting the agricultural schools of European countries. He asked the Minister of Agriculture to present a report of the work of the schools for the year, which report was given by Mr. Marshall as follows:

Hon. Duncan Marshall's Report

Mr. Chairman, and members of the board of agricultural education: I wish to say in this connection that the success of the schools of agriculture during the first year in the Province exceeded the expectation of even their most enthusiastic supporters. The total of two hundred and sixty-eight students attending the three schools is by far the largest number of students in the initial year attending any educational institution of any state or

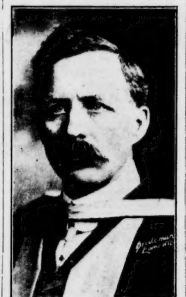

HON. DR. J. G. RUTHERFORD, C.M.G.

provinces that we know of in this continent. Everybody connected with the schools felt quite sure that fully two-thirds of these students would not have been in a

position to have attended a centrally located institution, and the fact that in the neighborhood of ninety per cent of our students were drawn from a radius of fifty miles around each school, would go to prove the value of having these schools located in different sections of the province. The principals and instructors in the schools were in a measure handicapped in their work because it was the opening year, and some of the equipment of the schools was delayed for a week or two, but, notwithstanding that, the result of the year's instruction has been in every way highly satisfactory. We are, during the last few weeks, the most positive indications of the success of the instruction for the term, as a number of farmers, whose sons attended these schools, have taken the trouble to write to the department of agriculture expressing not only their satisfaction, but their surprise at the progress that their boys made during the five months' term at the school. We have also at this early date received a number of letters from farmers making application for their boys to enter one of the schools next year because of the evidences they had of what their neighbor's boy had learned at the school during the past term.

The Farmer's Daughter

I want to say in this connection that I have been particularly impressed by the necessity and importance of teaching the girls in these schools, and that I could strongly recommend to the board

DR. HENRY MARSHALL TORKY

that arrangements be made to give these first month's course for the girls this year. The girls had only a two month's course last year, and I want to say that I personally was astonished at the progress that they made in their work. I feel that it is just as important that the farmer's daughter, whose educational advantages in connection with the public school have not been by any means all that either she or her parents would desire, should have the opportunity of getting the full term at these schools.

Surprise Visiting Cities

We have had during the past year visits from many prominent men in the provinces interested in agriculture and its development. We have also had visits of representatives from nearly every province in Canada, and these men have invariably expressed themselves as not only pleased, but greatly surprised at the work that was being done at these schools, as well as at their own fitness for the purpose of teaching boys the actual practice of

Claresholm Oil Stock Now On the Market

The first allotment of shares of The Claresholm Oil Co., Ltd., (non-personal liability,) is being offered to the public this afternoon at 3 p.m. The farmers and the citizens have been awaiting the placing of this stock on the market. The closing of the original subscription books left many disappointed ones whose applications for enrollment among the original stockholders were received too late and the excellent reports from the mineralogist, Reynolds, has but heightened the desire to see this local company ready for drilling at an early date. The reported strike at the Monarch well in the Olds district has established the fact that there is black oil in the province and this taken with the favorable indications elsewhere in the province gives a greater assurance that Alberta is on the eve of discovery as one of the greatest oil-fields of history.

The company have 8,000 acres of land in the oil belt locations as certified to by the expert and from other sources just as reliable the probabilities of success are greatly increased. The receipts of favorable reports in the south, the evidences of the existence of crude oil in the province, the southwestern part of the province, the partially refined product of the well in the Sheep Creek neighborhood, the feverish activity which is moving the English syndicate in the oil belt, 20, 30, 40, 50, the strike in the Olds district, all combine to make an investment in this neighborhood the farthest from a venture. This district is "near the heart of things" and the stock of the Claresholm company will not go begging.

The issue of 75,000 shares at 75 cents is for the purpose of enabling the citizens of Claresholm and district to obtain an interest in their own local company's enterprise at a premium. The balance of the stock will no doubt be sold at par or over. It is well to remember that reservations have been applied for long since that will make a considerable hole in the first offering and by prompt action only will the loyal ones be able to take advantage of this premium. Remember that Monarch stock on March 29th sold at \$2, a share; to-day it is still at \$2.50. Remember that as strike is added to strike the sentimental value of oil shares will give place to an established intrinsic value and the cheaper offerings will be a thing of the past.

"A" Squadron Off For Camp

On Tuesday morning, "A" Squadron, 23rd Alberta Rangers, entrained for the camp of instruction being held at Calgary. The squadron was made up of 50 officers and men from this point and Mondak Creek and 10 men from Macleod. An advance party of six left on Monday in charge of a spyglass, quarter-master, Torky, to make themselves ready for the coming of the squadron on Tuesday. Fifty armchairs were shipped with the soldiers. The officers who accompanied the squadron were Major James, Capt. Westman, Lieut. Bell, Ayer and Franklin. Major Lyndon of the Regimental staff, went up to command the same train. With him were three which made the total number of men 81. There were about 25 applications too many. The chaplain, Honorary Captain Rev. H. M. Henderson went up on Monday. It is expected that 2000 soldiers will be under canvas this week.

Death Overtook Farmer

The death occurred on Wednesday last week of J. A. Clauser, a farmer residing northwest of town. He was driving his hay and had just passed through a fence about a mile and a half from his home when he was, as far as can be learned, stricken with an epileptic fit. The horses became frightened and ran for home, Friends, alarmed by the return of the team without the driver, followed back the trail marked by the hay from the load and found the unfortunate man apparently in a dying condition. He was removed to his home but before medical aid could reach him his death occurred. A post-mortem examination gave the cause of death as a post epileptic heart collapse.

The funeral was held on Friday at 2 p.m., the Rev. Wm. McNicol, Presbyterian minister, conducting the services.

The late J. A. Clauser was born in Pennsylvania, thirty-one years ago. His people moved to New Rockford, N.D., from which Mr. Clauser moved to Claresholm some years ago. He leaves a widow and three small children.

His father and mother are still living in Pennsylvania and a brother B. W. Clauser, of Lethbridge, Mont., and a sister, Mrs. J. W. Watts, Cheyenne, N.D., survive him. The sympathy of the neighborhood is extended to those thus bereaved.

Hail Insurance Blanks Dis

tributed

An announcement of interest to the farmers of the rural municipality is contained in the fact that E. H. Malcolm, chairman of the hail insurance board will have circulars and blank forms in the hands of the ratemakers of the municipality in a few days showing how to send in claims in case of damage from hail. Some extra forms will likely be placed in the hands of A. H. Torrell, the secretary, for distribution.

England won the first round in the international polo match against the Americans at Westbury, L. I., on Monday before forty thousand spectators.

GIN PILLS FOR WOMEN

Read What Mrs. Harris Says About Them.

Mrs. T. Harris of Toronto, Ont., writes: "I am now taking my third box of GIN PILLS, and I feel like a new woman. My back and limbs have almost entirely gone. I was a sufferer from Rheumatism but it has all left me. I strongly advise all women who suffer from Pain in the Back, Weak Knees, to try GIN PILLS. It is a lovely, 4 for 25¢. Sample if you write National Drug & Chemical Co. of Canada, Limited, Toronto."

Owed His Rise to Timidity

The chief official of the Roman Catholic church in Germany, Cardinal Kopp, who died recently at Trier, Germany, was a religious operator on the Hanoverian States rail way at the age of 20 and so poorly was he paid that he was often in arrears with his room and lodgings. An unexpected bonus of \$15 seemed a fortune to him.

At the end of a year's apprenticeship he was to have joined the regular staff but not the supervisor of his department. Von Griesbach, made the following confidential report, which has just been published:

"Telegraph clerk George Kopp has made certain contributions to the public service. He lacks force, confidence, presence of mind and quickness of decision, but is coping with emergencies. On the other hand, Kopp has a strong sense of industry and zeal. He is intellectually well equipped, but lacks the necessary confidence for administrative work. At the same time, I suggest, with the appointment he is positioned for another two months."

Thus, "damned with faint praise," Kopp never got out of the position of all, and eventually resigned, studied for holy orders, and was ordained.

Twenty years later, as Prince Bishop of Breslau, he was the recipient of the emperor's right hand.

Reducing the Cost of Living

Postmaster General Bygonne's latest plan to develop the resources of the parcel post is a logical carrying out of one of the main purposes of the government in undertaking the carriage of packages.

The parcel post is justified itself against lobbied opposition by the promise that it would reduce the cost of living. It was urged that city housekeepers could get their groceries, butter and other farm produce directly from the farmer, cutting out the profits of the middleman, and the middleman that intervenes between the producer and the consumer. The idea was that the householder would pay less and get better food supplies, while the farmer would, at the same time, save the cost of marketing and get larger returns for his produce would be better off.

This is precisely the way that has worked out—where it has been fully carried out. The trouble has been, however, that it has not been carried out. An agency has been organized to bring the producer and the consumer in touch with each other, to open these channels of communication, to round up city customers for the farmer.

John is what is promised in the plan to be tried out in ten cities, where the post office will be the focus of information, supplying city people with lists of the names and addresses of farmers who are prepared to supply produce direct to the ultimate consumer. The plan is to work out this plan, but it is to work to the mutual advantage of the farmer and the city dweller.

King George in Napoleon's Bed

During his recent visit to France, where he was welcomed with boundless enthusiasm, King George spent all three nights in the bed of Napoleon Bonaparte.

His visit marked the completion of ten years of the emperor's reign, and it was a fitting tribute to his memory.

These and being going on and on, but not being from France and England, but from the bed of Napoleon Bonaparte.

These and being going on and on, but not being from France and England, but from the bed of Napoleon Bonaparte.

These and being going on and on, but not being from France and England, but from the bed of Napoleon Bonaparte.

Power of Human Bones.

Human bones are tremendously strong and possess a power of resisting power. Indeed, the bones of the frailest, must delicate looking woman are stronger than the strongest oak.

Of course a bone is hollow and that is one of the chief reasons it is so strong. It is hollow, for instance, a small bone which is no more than a square millimeter in diameter, will weigh only one-fifth of an ounce, while a bone of similar size will not hold more than 25 pounds.

The strength of the average man is stronger by one-half than that of solid oak. The principle on which our bones are constructed, being made hollow and strong, is the same as that of the world's over. Constructive engineers employ tubes instead of solid beams.

The case of animals, thousands of years ago, one reason of their bulkiness is attributed by accident to the fact that their bones were solid and added to their weight.

WHAT MOTHERS SAY

Followed Suit

On the day of the admission of M. Rouland to the French Academy, the author of "Cyranus" and "L'Alibi" gave a breakfast to a number of his friends, the guest of honor being Count Bernhardt. The address was given in a laudatory way, which had been made expressly for the occasion, and it was the end of the breakfast.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

Count Bernhardt, the guest of honor, was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman. He was a Frenchman, and he was a Frenchman.

EDITORIAL COMMENT

Reading notices announcing the holding of any entertainment, or public gathering at which a fee is charged not for general charitable purpose, but which is intended to increase the financial standing of any organization which is of a semi-private nature, such as a church, lodge etc., societies will be inserted as news matter upon payment of the, a line for first insertion and five a line for subsequent insertions. Legal advertising is 12c a line for first insertion and 8c per line for subsequent repetitions of the same. Remember every inch of this paper, one column wide, costs us over 15c to print.

Will the citizens of this town who like to see themselves personally interested appear in these columns, please make use of Phone 7 to inform us of any little happenings of a social nature which may come under their notice. We are not able to matter how we try, to get in touch with every little social happening and it is the desire of The Advertiser to chronicle these faithfully week by week. Help us out a little.

Bow Valley

Smoothwork is still alive.
Bowditch is in full swing and smoothwork is being done.
The Bow Valley baseball team have played two games with the Jackson Males, winning the first and losing the other.

A game with the Clear hall team is expected the first of the week.
Len Schwartz has gone to his home state. This is a loss to the ball team.

The manager of the ball team is keeping the boys pretty busy. Give them rest, Dotsy.

Allie Eddy is training his race horse for the picnic on the 3rd.

Joe Allen has a fine lot of young calves.

John Harper is the owner of a brand new "luzz" wagon.

All are going the local boys will win the ball game at the picnic on June 3rd.

W. Stange's family spent Sunday with relatives near Claresholm.

Swimming is on the minds of the boys these days.

The town tennis crabs has taken hold of many of our people.

Miss Brady spent the 24th of May at her home in Calgary. No wonder Ar was looking homesick.

BORN—To Mr. and Mrs. Alex Eddy a son.

Pass Garbage By-Law

Meeting of the Council held in the Secretary's Office Monday June 8th, 1914 at 8.45 p.m.

Present: the Mayor, Councillors Child, Crumley and Cressman.

The minutes of the last meeting were read and ordered paid.

C. Thrasher, \$15.00
J. F. Rea, 27.50
F. S. Ditto, 34.20
Tugot Iron Co., 70.86
Atlas Lumber Co., 70.86

It was moved by Cressman seconded by Child and carried that the Mayor and Treasurer be authorized to borrow from the Bank of Hamilton a sum not to exceed Five Hundred Dollars for current expenses.

The question of a Town Constable was again brought up, and several complaints being made as to the increase of rowdiness and drunkenness on the streets, it was suggested that Charles Thrasher be asked if he would accept the office, and receive as pay all Constable's fees. The Garbage By-Law, being No. 14 was read to the meeting, and was discussed clause by clause. It received its First and Second reading on motion of Councillors, Child and Cressman.

The Secretary was instructed to call for bids from Licensed Draymen in the town, for hauling away the town garbage once a week from now until November 1st next, the garage to be removed on one particular day in the week, preferably Saturday, and before the hour of 5 in the morning, all bids to be in the hands of the Secretary before June 22nd. A statement was read of the cost of construction of cement sidewalk, which showed that the work had cost in the neighborhood of 22c per sq. foot. The Council fixed the 29th day of June at 8 o'clock p.m. at the Secretary's Office as the time and place for holding a Court of Revision. Meeting adjourned at 10.20 p.m.

Indications are that the Calgary Industrial Exhibition which opens on June 29th, will draw the largest crowd of Alberta visitors its history.

Last year this attendance was 102,000 but this year it is expected that the exhibition tunnels will register at least 125,000 visitors.

N. Moffat has been spared to make this popular summer fair larger and better than ever. With the opening day still several weeks away, the number of entries being received daily and the recreation being made in the buildings, indicate that there will be much to see at this year's Exhibition. The Better Babies Contest is proving very popular among Alberta mothers. Other features are special prizes for children, a general live stock prize list, large prizes for grain and special prizes for bread. There will be high class attractions including especially fine fireworks, and a grand military tattoo in which 125 musicians will take part. Entries for the exhibition close June 13th.

IN THE SUPREME COURT OF ALBERTA JUDICIAL DISTRICT OF MACLEOD

NOTICE
TO
GEORGE COLEMAN,
LATELY OF PARKLAND, ALBERTA.

TAKE NOTICE that an action has been commenced in this Court against you by R. S. Law to recover the sum of \$12,219.35 and interest from 1st of February, 1914, on agreement of sale dated the 1st of January, A.D. 1913, of the East half of Section 31, Township 14, Range 24, W. 4th M. in the Province of Alberta. You are to enter an appearance in said action at the office of the Clerk of the Court, Court House, Macleod, by the 11th day of July, A.D. 1914, and in default of your so doing the plaintiff may proceed to judgment without further notice.

Dated at Macleod this 26th day of May, A.D. 1914.

W. M. CAMPBELL,
Solicitor for Plaintiff
Approved L. F. C.

small Tenders submitted to the undersigned, and to Public Building, Macleod, Alta., will be received until 10 P.M. on the 26th day of July, 1914, for the construction of the addition and alterations mentioned.

Plans, specifications and form of contract for the new addition of the Public Building, Macleod, Alta., will be on file at the office of the undersigned, and at the office of the Architect of the Dominion Public Buildings, Winnipeg, and at the office of the Engineer, Macleod, Alta.

Persons desiring to see the plans and specifications, and to obtain copies of the same, should apply to the undersigned, or to the Architect of the Dominion Public Buildings, Winnipeg, or to the Engineer, Macleod, Alta.

The undersigned does not hold himself to accept the lowest bid.

By order,
Department of Public Works, Macleod, Alta., June 10, 1914.

Newspapers will not be sold for this advertisement if they insert it without authority from the Department—1914.

NOTICE

NOTICE is hereby given that the Council of the Town of Claresholm intends to pass a by-law, to be known as the public as trustees.

FIRSTLY: All that portion of the west half of the south east quarter of Section twenty-six (26), in Township twelve (12), Range twenty-seven (27), west of the Fourth Meridian in the Province of Alberta, which lies between the easterly limit of Block "A" and a line drawn east of, parallel with and fifty feet perpendicularly distant therefrom as said Block "A" is shown on a plan of part of Claresholm in the Province of Alberta, of record in the Land Titles Office for the South Alberta Land Registration District as "Claresholm 147-N".

SECONDLY: That portion of said Block "A" being a strip of land sixty-six (66) feet in width perpendicularly distant southerly from the easterly production of the northerly limit of Centre Avenue as said avenue is shown on said plan "Claresholm 147-N" and also that portion of the land taken for right of way of the Calgary and Edmonton Railway as described in Certificate of Title "Z-165."

THIRDLY: That portion of the north-east quarter of said Section twenty-six (26), bounded as follows: On the west by a line drawn east of, parallel with and two hundred (200) feet perpendicularly distant easterly from the centre line of the Calgary and Edmonton Railway as said centre line is shown on a plan filed in said Land Titles Office as "Z-8," On the east by a line parallel with and two hundred (200) feet perpendicularly distant from said centre line. On the north by a line drawn at right angles to said centre line from a point distant thirteen feet hundred (1300) feet from the intersection of said centre line with the southern boundary of said quarter section bounded along said centre line. And on the south by the southern boundary of said quarter section.

FORTHLY: That portion of said north east quarter bounded as follows: On the south by a line drawn at right angles to said centre line at a point five hundred (500) feet distant northerly along said centre line from its intersection with the southern boundary of said quarter section. On the north by a line drawn at right angles to said centre line distant five hundred and fifty-three and two tenths (553.2) feet northerly along said centre line from its intersection with the southern boundary of said quarter section. On the east by a line parallel with and distant westerly forty-nine and one half (49.5) feet at right angles from said centre line. On the second day of July, A.D. 1914, at 8 o'clock in the afternoon or as soon thereafter as the matter may be heard at the Council Chambers in the Town of Claresholm.

AND NOTICE IS FURTHER GIVEN that upon the passing of such By-law, the Mayor and the Secretary-Treasurer of the Town of Claresholm will transfer to the Calgary and Edmonton Railway Company in fee simple those portions above mentioned.

DATED at Claresholm this 4th day of June, A.D. 1914.

JOHN F. REYNOLDS,
Secretary-Treasurer of the Town of Claresholm.

Address on Mothers, Union

The mothers of stately and the surrounding districts are cordially invited to listen to Mrs. Atkinson's lecture on "Mothers' Union" in the Presbyterian Church on Tuesday, June 23rd, at 3 p.m. Problems of interest to mothers will be thoughtfully discussed and all questions gladly answered. The W. M. will serve tea and at the close of the meeting a silver collection will be taken to defray travelling expenses.

You Are the Judges

We have stood the test of your most discriminating buying. We came to suit your tastes, everything in meats, Beef, Lamb, Mutton, Chickens, Smoked Fish and Cakes. During the time when green stuff is scarce come to us for fresh Lettuce, Cabbage, Green Onions, etc.

Clareholm Locals

D. M. Leyden, Granum, paid Clareholm a visit on Sunday.

E. H. Ashby, of Sylvan Lake, spent a few hours here this week.

Geoffrey Smith, of Livingston, came in to town on Monday.

BOHN—On Tuesday, June 10th, to Mr. and Mrs. Joe Dahl, a son.

BOHN—On Saturday, June 13th, to Mr. and Mrs. Roy Schram, a son.

E. R. Jeffrey, of Los Angeles, Cal., was registered at the Queen's on Sunday.

Mrs. K. E. Fountaine, of Edmonton, was registered at the Queen's on Monday.

Mrs. D. S. Yorrison and her mother, Mrs. J. McMillan, left on Saturday for a visit to Vancouver.

Mrs. J. Panger and children, who have been on a visit to Fridman, Mont., returned to Clareholm on Friday.

In last week's issue we incorrectly reported a birth in the family of Kingsnorth, the name appearing at Kingsnorth. As we were in press difficulties, no press proof was read and several errors crept in.

J. D. Smith, chief weed inspector for the province, was here on Saturday on his way by auto to Lethbridge and the south of the province. Lack of funds, he claims, is hampering the farmers in their fight against weeds.

A camping party from Clamton, consisting of Mr. and Mrs. Geo. Clever, Miss Clara Diment, May Aleck, Grace Whiteside, and Frank White, Hugh Frame and Duane Chamberlain, passed through town on Monday on the way to the Hills.

Lieut. McLellan, of Pincher Creek, senior lieutenant of "C" squadron, motored to Clareholm from Pincher Creek on Tuesday and after seeing the entraining of "A" squadron, 28th Alberta Rangers, continued his journey in his motor car to Calgary.

Meers, W. D. Ransom, J. W. Bender, L. M. Hess and Mallory, of Nanton, motored to Lundbreck, to look into the oil prospects and paid Lethbridge a visit on this trip. They called on C. Turpin while here. These gentlemen have secured some very good leases in the Lundbreck district.

Major G. H. Schoof preached on Sunday last at Cranbrook, B. C., and addressed the school children on Monday afternoon. In the evening he lectured to a large audience in the Methodist church. He was on his way to the maneuvers at Calgary, according to the Lethbridge Herald.

The injury received by D. Quist in the accident which resulted in the breaking of his thigh, will likely lay him up for the summer. He was returning from the Hills with a load and while descending a steep pitch in the road, he fell from the load and the wheel passed over his thigh, breaking it. He was brought to Clareholm by those who had been summoned to his rescue and then had to be taken home before the limb could be set.

A Principal Chosen

The regular monthly meeting of the trustees of the Stately Public School was held on Friday, June 5th at 7 p. m. The following accounts were passed and ordered paid:

Western Can. Lbr. Co. \$50.35
Atlas Lumber Co. 45.90
S. T. Marshall, advtg. 6.30
Fred Ditt, labor 25.50
R. B. Alsas & Co. 1.53

A letter from Miss A. Broadfield accepted the position and salary offered. A number of applications were considered for principalship of the school. That of a Mr. Macdonald was given first choice and if he has not accepted by Monday next Mr. McLeod's application will be accepted. It was moved and seconded that the secretary notify the Canadian Bank of Commerce of the choice of officers. B. J. Ostrum offered to repair the pump at the schoolhouse.

Cranford U.F.A. Picnics

Frolic

(From our own correspondent.)

Here we are again, recording our Annual Summer Picnic, which surpasses our previous attempts in this direction, everything working out with pleasurable nicety, owing to the well organized and co-operative thought and work put forward by our energetic executive. Upwards of 400 people gathered together for the day's enjoyment, and June 10th was a gala day for Cranford district. Our lady members were early to the front making preparations for the usual Cranford success. The sports committee

looked upon it as a labor of love to find their efforts so well appreciated. Not a hitch occurred anywhere during the day. To the efforts of Messrs Maxwell, Bowie, Thompson Crawford, H. D. J. President Brown and their wives, along the medals for victory, except in vice-president Thompson case, he being an unattached optimistic bachelor. One can never tell.

The first work of the morning was hoisting the flag, which somehow looked queer as they were upside down, but were soon rectified when discovered, which was owing to the horses shying at the sight of the Empire upside down.

Hand ball was the game till noon then everybody ate. After dinner the fun commenced with a football game. Trout Creek versus Meadow Creek. Trout Creek won 1 goal to 0. A was a good game.

Baseball match, Willow Creek vs. Meadow Creek. Meadow Creek won 4 to 0.

Girls' foot race, 10 years and under: Ellen Crawford, Lucy Morris. 60 and under: Lucy Hart, Carina Vadnas dead heat.

Boys 16 and under: Muriel Whitehead, Ernest Bisset. Boys 12 years and under: Bernard Willcox, Gey Clarke.

Burning high jump: Joe Vadnas.

Pole vault: R. J. Vance. 100 yards dash: Oscar Edwards. Half mile horse race: Herb Thompson.

Boys pony race, 15 and under: Allen Ascherd, Muriel Whitehead.

Men's 150 yards hurdle race: Wm. Alexander, Ernest Bush.

Ladies' pony race: Miss Vance, Miss Bell.

Novelty race: G. Fletcher, Herb Thompson.

Relay race: Miss Bell.

Super followed, then the Cranford brass band turned loose, dancing began, and dust flew till 12 o'clock.

Card of Thanks

We are grateful for the many expressions of sympathy and the tender thoughtful kindnesses extended to us in our bereavement by friends and neighbors. We wish to thank the pall bearers and the Rev. Harrison for their service to us in the funeral.

P. A. PINE, AND FAMILY.

Card of Thanks

Mrs. J. A. Chawer and family wish to thank their friends and neighbors for the help and sympathy so freely extended to them in their recent bereavement.

First Lawn Party of Season

The Ladies' Aid of the Methodist Church will hold an Ice-Cream Social on the Church Lawn on Tuesday evening, June 23rd. Everyone is invited to this first lawn party of the season.

SCHOOLS OF AGRICULTURE STAND TEST

Continued from page 1

farming. We have had visits not only from a great many individual farmers, but from several delegations of farmers who were attending meetings, such as the Provincial Fair association, and in every case these men not only took the trouble to put themselves on record by way of a resolution endorsing the work that was being done in the Schools of Agriculture, but have taken the trouble to write to the department expressing their approval and appreciation of what was being done for the farmer's boy in those institutions. It was only necessary to pay a visit to one of these schools when opportunity to visit nature, what was being done good work, as the evidence could be seen in the enthusiasm which every boy and girl who attended it had for their work. This enthusiastic interest in their work impressed us with the high value of an institution that offers an additional education to boys and girls who had thought that their opportunity for such had gone by.

Extension Work

The school closed on March 28th, and the students have returned to their homes, but the work of these institutions have by no means ceased. The instructors at all the schools have been quite as busy since the close of the schools as they were during the time the classes were being held. The instructor in Field Husbandry at each of the schools is carrying on a number of experiments on the demonstration farms this year. These experiments for the present are particularly with respect to roots, fodder corn, grasses, clover, alfalfa, small fruits and vegetables. Besides this, extension work is being carried on through practically every pupil who attended the school during the winter term. These pupils have arranged with the teachers to carry out on their home farm some experiment this year: one undertaking to prepare land for alfalfa, another taking fold corn, a number undertaking to grow potatoes, and in fact practically every line of farm product is taken up in this way. The work is to be done under the more or less direct supervision of one of the instructors at the school, and of course the pupils are following in this work the methods that were taught in the school during the winter.

Besides this work co-acting associations have been organized in connection with each school, with the result that the milk of over four hundred cows in the province of Alberta this year is being carefully weighed every day, and tested for butter fat. The inspection of this work and the testing is being done by the instructors from the different schools, and in driving through the country in doing this work they are coming into the closest kind of contact with the farmers in the province and are available to discuss with any farmer any problem on his farm about which he may want advice. The demand for this extension work is becoming greater all the time.

Prospects for Next Term

The indications at the present time are that a very large percentage of the past year's students will return next fall to take their second year's work. Already quite a few applications have been received at each of the schools from students wishing to enter this fall for a first year term; with the result that we expect these schools to be crowded to their capacity next term. In fact there is a possibility, if the farmers harvest a reasonably good crop, and are in a financial position to send their boys, that next year the three schools will not be able to accommodate the students who wish to attend.

We had in our schools this year ten or a dozen students who wish to continue their course after they complete the two years in the school, and obtain a degree in agriculture, and I might say that the

Government will be prepared in September 1915 to have organized in the province an agricultural college, to which these students can be admitted, and where they can complete their course and obtain a degree. We have also made arrangements whereby the students in household science, who wish to obtain a certificate to teach, can graduate from our school into the Provincial University, and by one year's attendance there obtain this standing.

I wish to express to the board my appreciation of the work done in these schools by the principals and instructors during the past year. These men have worked as long hours as most farmers are accustomed to work, and it was because of their untiring effort to make the schools a success during the first year that we have accomplished what we have today. I have great pleasure in saying that the department of agriculture is entirely satisfied with the work done in the initial year of the operation of these schools.

The report was heartily endorsed by the board. During the discussion which followed it was suggested by Mr. Drury that the board should take the course should endeavor to follow out during the summer, continuation work on their farms at home or wherever they were, in order to keep in touch with their studies. Mr. Drury also urged that the Minister of Agriculture use his influence with the government, in order to get further demonstration farms and schools established in parts of the province not now served by the existing farms and schools.

It was decided that the minimum next fall will commence on October 27th and close on March 27th.

The following resolution was passed by the board, on the motion of Mr. Rutherford, seconded by Jas. Murray:

That the minister of agriculture and the principals of the schools be congratulated on the splendid system of agricultural education established in the province, and the splendid work done during the past term at these schools.

Parkland Presbyterians Dedicate Church

Crowded houses at all services was the record at the opening services of the Parkland Presbyterian Church on Sunday and Monday last. Rev. Dr. Ferguson, missionary superintendent, was the preacher at Sunday and dedicated the church in the afternoon service. Rev. J. M. Fawcett, of Staveland, assisted at the evening service and at the sacrament which followed the public service.

On Monday evening the ladies of the congregation, provided supper for all who came and a program was given at the close of the supper. Addresses were given by Revs. McMichael of Clareholm, Hosking and Kennedy, of Parkland and Dr. Ferguson. Vocal solos were pleasantly rendered by Miss Edith Knight, of Clareholm, Mrs. King and Messrs. Howie, H. Spencer, Kerrison and Magee. Instrumental selections were given by the Misses Marshall and Alexander. The report of the Ladies' Aid was given by Mrs. Hedlund, that of the Missionary Society was read by Mrs. Kerrison; Mrs. Mayhew reported for the Trustees. In the report of the Union S. S. work, given by Mr. Spencer, he made a plea for greater interest on the part of the adults in the work of the school. The cost of the new church, lots and furnishings were \$1908, according to Trustee Mayhew and all of this is a program except \$300. This is indeed a creditable showing for J. M. Fawcett, of Staveland, was the chairman of the evening.

NOTICE OF IMPOUNDED ANIMALS

To Whom It May Concern: NOTICE is hereby given under Section 210 of "The Rural Municipality of Argyle, No. 95, and the 15th day of June, 1914 there were impounded on the fourth day of June, 1914, in the pound kept by the undersigned on the lot in sec. 34, twp. 11, rge. 25 west of 4th, meridian, the following animals, one sorrel mare, branded on left shoulder or one black or dark grey horse—branded on right hip J. NECESSITY NOT VANITY
In the old days, when a person had a photo taken, he was considered wealthy, but in these modern times, when our friends and relatives have to new made, we find a photo to be of real value, not only to picture to distant friends the loved ones of our children, but in having a family record of the changes that take place in such a few years.
If we only knew that one of our loving children was to be suddenly taken away from us, we would try to the nearest photographer and have his photo taken. Every family should be prepared for this and should have their children photographed either separately or in a family group.

As quotations were given by a local implement agent to the U.F.A. recently on International Harvester Co. Twine, the following paragraph from a letter signed by Chas. McLenaghan, manager of the Lethbridge Branch of The International Harvester Company of Canada, Limited, speaks for itself.

"As we have stated, there is no one excepting yourself handling twine for us in Claresholm, and furthermore we can assure you that no twine will be shipped to any one in your town this year besides yourself. Therefore they are not in a position to inform the farmers that they can obtain our twine at a lesser price than you are able to quote."

NOTICE

TO
GEORGE COLEMAN
Late of Parkland, Alberta.

TAKE NOTICE that an action has been commenced in the Supreme Court of Alberta, Judicial District of Macleod, against you by G. A. Anderson, claiming specific performance of your agreement to purchase dated the 23rd day of February, 1912, the West half of Section 31 Township 14, Range 26, West of the 4th Meridian, in the Province of Alberta, and to enforce the remedies thereunder as an unpaid vendor.

You are to enter an appearance in the said action at the office of the Clerk of the Court at Macleod by the 11th day of July, A. D. 1912, and to defend the said action, and to submit the facts of the case to the plaintiff may proceed to judgment and to take such action as may be deemed proper.

DATED at Macleod the 5th day of June, A. D. 1912.

W. M. CAMPBELL,
Solicitor for the plaintiff.

As Heard in Table Butte

Born—At Pine Coulee, May 22nd, to Mr. and Mrs. Paul Orsatti, a daughter.

Mr. and Mrs. Burlank of Claresholm were visiting L. L. Jones this week.

Mr. D. Cochran paid a short visit home to Claresholm while motoring through to Calgary.

Mr. Dulica obtained water at a distance of ninety feet in his new drilled well.

Miss Daisy Boyles, who had been visiting her sister Mrs. A. E. Rodgers for the last two months, left on Monday for her home in Chener, Washington.

BORN—On Saturday, May 26th, to Mr. and Mrs. Ed. McEae, a daughter.

Mr. and Mrs. Wm. Scott and son had the pleasure this week of receiving their Mother, Mrs. Scott, who has been visiting in the States since last summer.

The first move so far as this riding is concerned in the temperance campaign which is being put on by the Temperance and Moral Reform League of Alberta will be a convention at Nanton on Thursday, June 18th at 8 p. m. All the friends of manhood, home and purity are urged to attend this convention as the first steps in the arrangements for the organization of the electoral district of Nanton in this cause will be made.
